

Introduction to the Qualification

Who is this Qualification for?

This qualification is aimed at individuals wishing to prove they have the level and range of knowledge and skills required to install Interior Systems in the Construction working environment. Although it is not expected that all workers will complete the same tasks, there are 3 mandatory units common to all pathways. The Pathways will allow employees with specific skills and from companies of all sizes equal opportunity to complete.

All work must be completed following Industry recognised Safe Working Practices and in accordance with relevant legislations.

This qualification is at Level 2, although some units may be at different levels and should be taken by those who are fully trained to deal with a range of tasks and situations. Candidates should require minimum supervision in undertaking the job.

What is required from candidates?

Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria, this qualification has a TQT of 420 hours.

Qualifications are also required to indicate the number of hours of teaching someone would normally need to receive in order to achieve the qualification. These are referred to as Guided Learning Hours (GLH). The GLH for this qualification is 234.

Unit Number	Mandatory units	Level	Credit
A/503/1170 641	Conforming to General Health, Safety and Welfare in the Workplace	1	2
J/503/1169 642	Conforming to Productive Working Practices in the Workplace	2	3
F/503/1171 643	Moving, Handling and Storing Resources in the Workplace	2	5
Pathway 1-Modular Demountable Partitioning			
M/650/0363 127v2	Installing and relocating modular demountable Partition Systems in the Workplace	2	35
Pathway 2-Operable Partition Systems			
R/650/0364 769v1	Installing and relocating operable Partitioning Systems in the Workplace	2	35
Pathway 4-Dry Lining Fixing-both units required if this pathway selected			
M/650/1164 129V3	Install dry lining systems	2	32
A/618/8143 130V2	Install plasterboard linings	2	21

Assessment guidance

Evidence should show that you can complete all of the learning outcomes for each unit being taken.

Types of evidence:

Evidence of performance and knowledge is required. Evidence of performance should be demonstrated by activities and outcomes, and should be generated in the workplace in a way that shows that candidates can meet the requirements of the units in a way that demonstrates that the standards can be achieved consistently over an appropriate period of time. Evidence of knowledge can be demonstrated through a range of methods including responses to oral and/or written questions, assignments, or professional discussions.

Quantity of evidence:

Evidence should show that you can meet the requirements of the units consistently over an appropriate period of time.

Potential sources of evidence:

Suggested sources of evidence are shown above, these can be supplemented by physical or documentary evidence, e.g.:

- . Accident book/reporting system
- . Safety record
- . Training record
- . Audio evidence
- . Witness testimonies
- . Photographic/ video evidence
- . Notes and memos
- . Telephone/e-mail records
- . Customer and colleague feedback
- . Records of equipment and materials
- . Work records

Please Note that photocopied or downloaded documents such as manufacturers or industry guidance, H&S policies, Risk Assessments etc, are not normally acceptable evidence for GQA qualifications unless accompanied by a record of a professional discussion or assessor statement confirming candidate knowledge of the subject. If you are in any doubt about the validity of evidence, please contact your GQA EQA.
